- CSS
- SCSS
- Bootstrap
- JavaScript
- Vue.js
- Node.js
- MongoDB
- Auth0
- C#
- MySQL
- Scrum

EDUCATION

Codeworks (2021)

Full Stack Software Development

-Certificate of Completion

Idaho State University (2020)

- Recieved associates degree through an accelerated program

EXPERIENCE

Software Development Teacher Assistant, CodeWorks

11/2020 - present

- Attended CodeWorks as a student from 11/2020 - 3/2020, upon graduation was promoted to a teacher assistant.
- Collaborated with the rest of the CodeWorks team in daily scrums and weekly meetings to better understand the individual progress and pitfalls the team faced.
- Taught students supplementary content after hours in order to better their overall understanding of the concepts covered that week.

Assistant Manager, Coldstone

08/2018 - 08/2020

- Promoted to assistant manager within the first year
- Implemented company policies in areas that were more neglected, keeping the standard the same for all 15 plus employees.
- Developed a system to report problematic behavior / situations of other employees creating a more organized and protected work environment. This involved allowing service reps to have a clear and easy way to communicate to those in higher positions without having to address it in a team setting.

APPLICATIONS

QuestSeeker

An app that allows users to create and participate in scavenger hunts for events like birthday or company team bonding.

Technologies: This app utilizes vue as a frontend framework, node as a backend language, and the google maps api.

Role: I was in charge of the front end and learning how to integrate the google maps api.
